Sir,

Subject Purchase of a Diesel Road Roller

I write to state that at present there is only one Steam Road Roller in the Municipality In the city there are 40 miles of tarred road, 40 miles of metal roads and more than 150 miles of gravelled roads For the maintenance of these 200 and odd mile length of roads and also to convert the gravelled roads into metal or tarred roads, as the case maybe, one road roller is hardly sufficient As the Government are aware the Municipality has also got an ambitious programme of tarring the roads and with this end in view, they have also got orders from Government to enable them to obtain financial accommodation from the Bank of Mysore to the tune of 5 lakhs of rupees

In view of these circumstances a number of estimates have been prepared and sanctioned by the Works Committee and the Municipal Council But, as much progress as was contemplated could not be achieved in spite of keeping the one road roller running all the time The purchase of another road roller to cope up with the work has become an urgent necessity Therefore, a proposal was placed before the Council for the purchase of a 7 Diesel road Roller at a cost of Rs 43,445/- from Messrs Marshall & Sons, after exhaustive enquiries from all firms who deal in such machinery The expenditure is proposed to be met out of the funds to be obtained under financial accommodation scheme The Council have duly approved of this proposal I enclose a copy of the resolution

passed at their meeting held on 28-8-1953 in this behalf and request that orders of Government may kindly be obtained sanctioning the purchase

Yours faithfully,

(N Lakshman Rau)
Municipal Commissioner
